

Information Prescriptions Pilot Project

Notes on the Information Prescription Generator

Strengths

- Easy to access.
- Quick to navigate.
- Simple to populate.
- Simple to edit.

Weaknesses

- The template is temperamental at times.
- It is possible for individuals other than the author, to alter or delete items.

Opportunities

- A good opportunity to be involved in the creation of a new electronic system.
- A good opportunity for NHS Staff members to work collaboratively with the public sector.

Threats

- That at the end of the pilot project the IPG could be superseded by a different system.
